

GDAR Blackcap Lady 7225

Registration #: 10988353
 DOB: 3/25/1987

A picture perfect Traveler 3173 daughter that was bought from GDAR. 7225 produced 3 bulls from different sires that topped the Milk River Angus sales. 7225 was my foundation Traveler bred cow and I have several generations of her offspring and they are my favorite cows. She was born 28 years ago and has a \$EN of +35.93 ranking in the top 2% of the breed and even boasts a \$B of +38.93. 7225 had great longevity serving as a donor cow until the age of 18.
